

**TRANSIT TIRE MILEAGE LEASE
& SERVICE PROGRAM
Addendum #1**

The following are questions that have been received:

Q: Can the larger tires still be static balanced?

A: Yes, the larger tires can be static balanced before they are mounted on SARTA vehicles.

Q: The 225/75R16 tires should all be spin balanced?

A: Yes, all of the 225/75R16 tires should be spin balanced and weighted if necessary before they are mounted on SARTA vehicles.
