

SARTA Fare Matching Program Application

Overview of Program

SARTA is committed to enhancing the quality of life for our community by providing efficient, affordable and sustainable mobility options for Stark County. To assist nonprofits in the community SARTA has created an initiative to provide matched fares. **The total award available for all nonprofits in 2022 will be around \$30,000.**

It is the goal of our organization to work with our community partners to identify those individuals who need financial assistance for transportation in Stark County. We are asking nonprofits, whose agency budget is less than \$5 million and work with individuals who are low-income, to apply for a match on adult fixed route passes/tickets on a yearly basis. This program is for 501(c) (3) nonprofits, organizations that help with the opioid epidemic will be given special consideration. Organizations will not be required to purchase all passes/tickets at one time, however, the amount that they are awarded to purchase with a match from SARTA will be capped at a certain dollar amount during the 2022 calendar year based on this program. After that, they will be required to purchase passes/tickets with no match from SARTA.

To be considered for funding, applicants must complete and submit one (1) signed original application with original signatures throughout or one (1) signed digital copy of the application.
