similar administrative errors. Erasures or other changes or entries made by the proposer must be initialed by the person signing the proposal.

3-6 Compliance with RFP Terms and Attachments

SARTA intends to award a Contract based on the terms, conditions, and attachments contained in this RFP. Proposers are strongly advised to not take any exceptions. Proposers shall submit proposals which respond to the requirements of the RFP. An exception is not a response to a RFP requirement.

Proposers are cautioned that exceptions to the terms, conditions, and attachments may result in a rejection of the proposal.

3-7 Collusion

The proposer guarantees that the proposal submitted is not a product of collusion with any other proposer, and no effort has been made to fix the proposal price of any proposer or to fix any over-head, profit, or cost element of any proposal price (Affidavit of Non-Collusion). Failure to submit the signed affidavit at the time of bid opening shall be grounds for disqualification of the proposer's offer.

If SARTA determines that collusion has occurred among Proposers, none of the proposals from the participants in such collusion shall be considered. SARTA's determination shall be final.

3-8 Taxes and Interest

SARTA is exempt from payment of Federal, Excise and Transportation Tax, and the Ohio Sales, Excise and Use Tax. Proposers will not include these taxes in their proposed price(s). All other government taxes, duties, fees, licenses, permits, royalties, assessments, and charges shall be included in the proposed price.

SARTA will not pay interest on unpaid or disputed invoices, whether due or overdue.

3-9 Single Proposal Response

If only one proposal is received a detailed price/cost analysis may be requested of that Bidder. SARTA reserves the right to reject the single proposal and, if necessary, put the RFP out for bid again.

3-10 Exclusionary of Discriminatory Specifications

SARTA agrees that it will comply with the requirements of 49 U.S.C. Section 5323(h) (2) by refraining from using any Federal assistance awarded by the FTA to support procurements using exclusionary or discriminatory specifications. SARTA further agrees to refrain from

using state or local geographic preferences, except those expressly mandated or encouraged by Federal Statute.

3-11 Protest Procedures

- a) It is the policy of SARTA to prepare specifications for invitation to bid or for requests for proposals that are not discriminatory in nature. All solicitations are to be open and free to all competing vendors whereby all have a reasonable chance to be successful and be awarded a contract.
- b) If a Bidder that has submitted a proposal feels that a particular solicitation is unfair, the following procedure must be followed to register a proper protest and said procedure shall be part of all solicitations:
 - c) Pre-Bid Protest
 - STEP 1. Protest must be made in writing and addressed to the Secretary-Treasurer of SARTA's Board of Trustees no later than five (5) business days before the scheduled bid or RFP due date. Such protest must cite what the solicitation was for, and for what reason the protest is lodged.
 - STEP 2. The Secretary-Treasurer shall make all reasonable attempts to resolve the protest prior to the award of a contract and may reschedule the bid opening date solely at their discretion if deemed necessary. The Secretary-Treasurer must make their decision no later than three (3) working days from date the protest is lodged.
Continue to Step 3 under Post-Bid procedures below
 - d) Post-Bid Protest
 - STEP 1. Protest must be made in writing and addressed to the Secretary-Treasurer no later than five (5) business days after the scheduled bid due date. Such protest must cite what the solicitation was for, and for what reason the protest is lodged.
 - STEP 2. The Secretary-Treasurer shall make all reasonable attempts to resolve the protest prior to the award of a contract. The Secretary-Treasurer must make their decision no later than five (5) business days from date the protest is lodged.
 - STEP 3. If the protest is not satisfactorily resolved at Step 2, the person or firm making the protest may request a hearing with his legal counsel and SARTA. With SARTA's legal counsel serving as arbitrator on the matter. Request for such a hearing must be made within ten (10) business days of the original date the protest was filed.

STEP 4. If the protest is not satisfactorily resolved at Step 3, the person or firm making the protest may appeal, within thirty (30) working days of the original protest date, the matter to the Board of Trustees of the Transit Authority, who shall assign the matter to the appropriate standing committee of the Board who shall hold a hearing within fifteen (15) business days on the matter and make recommendation to the full Board to be considered at its next regularly scheduled meeting.

The decision of the Board shall be final and binding on all parties. Appeal from the decision of the Board or any request by an adversely affected party may be submitted in writing to the Federal Transportation Administration (FTA). FTA's recourse shall only consider protest appeals where the local protest procedure does not exist or where the local procedure was not followed.

3-12 Insurance Requirements

Contractor shall not commence work until all insurance required under this section has been obtained and the proper insurance verification has been provided to SARTA. The Contractor will maintain the minimum Insurance coverage standard for the type of services being provided throughout the tasks/contract. (See Attachment N)

SECTION 4 – PROCUREMENT PROCESS

4-1 Method of Procurement: Competitive Negotiation

- a. Procurement will be made on a “competitive negotiated” basis. The competitive negotiation method of procurement is an acknowledgment that, in addition to price and responsiveness to technical specifications, there are other factors which should be considered in the procurement process in order to determine which offer is in the best interest of SARTA and allows the most efficient and economical use of public funds. It should also be understood that the competitive negotiation process is designed to ensure, to the maximum extent possible, that award will be made on a competitive basis.
- b. The contract will be awarded to the Bidder whose proposal will be the most advantageous to SARTA in terms of all evaluation criteria stated elsewhere in the RFP.
- c. Proposals will not be publicly opened. Detailed procedures for proposal evaluations and the steps leading to award follow.
- d. The basic steps in the competitive negotiation process are as follows:
 - SARTA determines the relative importance of all the evaluation factors pertinent to the RFP and lists them in order priority. This has been done and is reflected as the criteria provided in Section 5 of this RFP.
 - SARTA issues a Request for Proposal (RFP) containing specifications that describe the actual minimum needs and advising prospective proposers of the criteria upon which the Proposals will be evaluated.
 - By the date specified in the RFP, qualified proposers submit sealed proposals as outlined in Section 1.
 - SARTA reviews the Proposals to determine proposal compliance.
 - SARTA evaluates all compliant Proposals in accordance with the pre-established evaluation criteria.
 - SARTA will determine the “Competitive Range”. The Competitive Range includes all proposals which have a reasonable chance of being selected for award, based upon a preliminary screening against the previously established evaluation criteria. When there is a doubt as to whether a proposal is within the previously established range, that doubt shall be resolved by the proposal’s inclusion. Where the bid price is below the competitive range and clearly demonstrates a lack of understanding on the part of the Bidder, SARTA may disqualify this Bidder from further consideration.

- SARTA determines whether or not to carry out discussions with those proposers whose proposals are within the competitive range or to recommend an award of the contract without further discussion.
- SARTA may determine that it is in their best interest to conduct individual interviews with Proposers determined to be within a competitive price, technical management, and experience to verify any unclear areas, discuss any bid options, and through questions and answers, assure that the contractor has a clear understanding of SARTA's requirement and expectations. After the presentations SARTA may request a best and final or proceed into negotiations with the highest ranked Bidder, based on SARTA's developed evaluation criteria. Furthermore, SARTA may elect to award a contract without further discussions or negotiations if SARTA determines that the best technically acceptable proposal has been received and that acceptance of this initial proposal would result in a fair and reasonable price.
- If an award is to be made pending further discussion or negotiation, all proposers whose proposals are within the competitive range will be formally notified in writing of SARTA'S intentions to hold discussion with them and required steps leading to a "Best and Final Offer" (BAFO). A meeting will be held with each such offeror to discuss their proposed solutions to amend requirements. SARTA reserves the right to amend requirements after discussions to clarify any requirement issues. Proposers will then be requested to submit any final changes to their price and technical proposal. Proposers may then modify their proposals accordingly and may submit their BAFO after all meeting discussions have been completed. No evaluations and/or price comparisons are allowed between proposals. Discussions with Proposers will not include disclosure of the strengths and weaknesses of competing proposal.
- The sealed BAFOs are submitted by a common closing time of which all Proposers within the competitive range will be formally notified.
- SARTA will evaluate final submitters and will either reject all bids or select the bid that offers the best compliance and benefits to SARTA at a competitive cost.
- The award recommendations by SARTA's selection committee may require approval by SARTA's Board of Trustees. The selected Bidder will be notified after approval.
- All Proposers will be advised in writing of SARTA's final decision.

- No proposals shall be returned.

SECTION 5 – SELECTION PROCESS

5-1 Basis of Award, Selection Process and Evaluation Criteria

The specifications represent features best suited to the requirement needed by SARTA and are not for the benefit of the Proposers. SARTA will select the proposal or combination of proposals that is the most advantageous to SARTA and responsive to the specifications.

SARTA RESERVES THE RIGHT TO REJECT ANY OR ALL PROPOSALS OR ANY PART THEREOF TO WAIVE ANY INFORMALITIES IN THE PROPOSAL, MINOR IRREGULARITIES AND TO MAKE AN AWARD ON THE BASIS OF SUITABILITY, QUALITY OF PRODUCT(S) AND/OR SERVICES TO BE SUPPLIED, THEIR CONFORMITY WITH THE SPECIFICATIONS AND FOR THE PURPOSES FOR WHICH THEY ARE REQUIRED, DATES OF DELIVERY AND NOT CONFINED TO PRICE ALONE. False, incomplete or unresponsive statements in connection with the proposal may be deemed sufficient cause for rejection. SARTA shall be the sole judge in making such determination.

SARTA reserves the right to cancel or discontinue with the proposal process and reject all proposals in the event it determines that there is no longer a requirement for the item(s), the funding is no longer available or it is otherwise in SARTA's best interest to cancel the proposal.

An "Evaluation Committee" consisting of selected personnel will be established to evaluate the proposals and to recommend the apparent successful Bidder.

5-2 Selection of the RFP

It is the intent of the Evaluation Committee to select an apparent successful Bidder with a recommendation to be forwarded to the Board of Trustees based on the evaluation criteria set for herein. Selection will not be made on cost alone but will be based upon the most advantageous proposal or combination of proposals.

5-3 Evaluation Criteria

The following evaluation criteria have been established by SARTA for the procurement. The criteria are presented to allow SARTA to analyze proposals received on an equal basis and to afford all proposers the opportunity to know the basis upon which their proposals will be evaluated.

Award will be made to the Bidder whose final offer is most beneficial to SARTA after evaluation in accordance with these criteria.

testing, engineering analysis, comparable service, history, etc.

- b) The system's total operational impact has been included, not just portions of it. For example, the Bidder introduces a new mechanism, component, or material that may reduce some phase of the operator's O&M costs, but fails to consider the negative impact of maintaining this element.
- c) The Bidder's estimates of impact are verifiable so the SARTA and/or Transit Authorities named in the RFP can accurately assess the values to be assigned to each evaluation element.
- d) If clarification, verification and/or additional support of technical data submitted by a Bidder is required for evaluation purposes, SARTA will request such supplemental data be furnished by the Bidder within five (5) calendar days from receipt of the formal request.

SECTION 6 – STANDARD CONTRACTUAL TERMS & CONDITIONS

6-1 Administration

This Contract is between SARTA and the Contractor who will be responsible for providing the goods and services described herein. SARTA is not party to defining the division of work between the Contractor and its Subcontractors, if any, and the Specifications and/or Scope of Services has not been written with this intent.

Contractor represents that it has or will obtain all duly licensed and qualified personnel and equipment required to perform hereunder. Contractor's performance under this Contract may be monitored and reviewed by a Procurement Administrator appointed by SARTA. Reports and data required to be provided by Contractor shall be delivered to the Procurement Administrator. Questions by Contractor regarding interpretation of the terms, provisions, and requirements of this Contract shall be addressed to the Procurement Administrator for response.

6-2 Notification of Delay

Contractor will notify SARTA's Procurement Administrator as soon as Contractor has, or should have, knowledge that an event has occurred which delay delivery or start-up of services. Within five days, Contractor will confirm such notice in writing furnishing as many details as is available.

6-3 Request for Extension

Contractor agrees to supply, as soon as such data are available, any reasonable proofs that are required by SARTA's Procurement Administrator to make a decision of any request for extension. SARTA's Procurement Administrator will examine the request and any documents supplied by Contractor and will determine if Contractor is entitled to an extension and the duration of such extension. SARTA's Procurement Administrator will notify Contractor of the decision in writing. It is expressly understood and agreed that Contractor will not be entitled to damages or compensation and will not be reimbursed for losses on account of delays resulting from any cause under this provision.

6-4 Contract Changes

Any proposed change in the contract will be submitted to SARTA for its prior written approval and SARTA will make the change by a Change Order if agreed upon by both parties in writing. Each written Change Order will expressly include any change in the Contract price or delivery schedule. No oral order or conduct by SARTA will constitute a Change Order unless confirmed in writing by SARTA.

6-5 Cost or Price Analysis

SARTA reserves the right to conduct a cost or price analysis for any purchase. SARTA may be required to perform a cost analysis when competition is lacking any purchase. Sole source procurements which result in a single Bid being received will be subject to a cost analysis which will include the appropriate verification of cost data, the evaluation of specific elements of costs and the projection of data to determine the effect on Bid prices. SARTA may require a Pre-Award Audit and potential Contractors shall be prepared to submit data relevant to the proposed work which will allow SARTA to sufficiently determine that the proposed price is fair, reasonable, and in accordance with Federal, State and local regulations. Procurements resulting in a single Bid will be treated as a negotiated procurement and SARTA reserves the right to negotiate with the single Proposer to achieve a fair and reasonable price. If a negotiated price cannot be agreed upon by both parties, SARTA reserves the right to reject the single Bid. Contract change orders or modifications will be subject to a cost analysis.

6-6 Lack of Funds

If expected or actual funding is withdrawn, reduced, or limited in any way prior to the expiration date set forth in this Contract or in any amendment hereto, SARTA may, upon written notice to Contractor, terminate this Contract in whole or in part. Such termination shall be in accordance with SARTA's rights to terminate for convenience or default.

6-7 Force Majeure

The timely receipt of SARTA's requirements is essential. If the requirements are not received on time in accordance with the delivery schedule, SARTA may cancel the unfilled portion of the contract for cause, purchase substitute requirements elsewhere, and recover from Contractor any increased costs, thereby incurred together with all resulting incidental and consequential damages. SARTA may also terminate for cause, purchase substitute requirements elsewhere and recover costs and damages for breach of Contractor obligations.

The Contractor shall be entitled to a reasonable extension of time from SARTA for the delays caused by damage to Contractor's and/or SARTA's property caused by fire, lightning, earthquakes, tornadoes, and other extreme weather conditions or acts of nature, power failures, riots, acts of civil or military authorities of competent jurisdiction, strikes, lockouts, and any other industrial, civil or public disturbances beyond the control of the Contractor and its subcontractors causing the inability to perform the requirements of this Contract. Any delay other than ones mentioned above shall constitute a breach of Contractor's contractual obligations.

6-8 Taxes, Licenses, Laws and Certificate Requirements

Contractor shall maintain and be liable for all taxes, fees, licenses, and costs as may be required by federal, state, and local laws, rules, and regulations for the conduct of business by Contractor and any subcontractors and shall secure and at all times maintain any and all such valid licenses and permits as may be required to provide the services or supplies under this Contract. If for any reason, Contractor's required licenses or certificates are terminated, suspended, revoked, lapsed, or in any manner modified from their status at the time this Contract becomes effective, Contractor shall immediately notify SARTA in writing of such condition.

Contractor will give all notices and comply with all federal, state, local and SARTA laws, ordinances, rules, regulations, standards, and orders of any public authority bearing on the performance of the Contract, including, but not limited to, the laws referred to in these General Provisions of the Contract and the other Contract Documents. If the Contract Documents are at variance therewith in any respect, any necessary changes shall be adjusted by appropriate modification. Omission of any applicable laws, ordinances, rules, regulations, standards or orders by SARTA in the Contract Documents shall be construed as an oversight and shall not relieve the Contractor from his obligations to meet such fully and completely. Upon request, Contractor shall furnish to SARTA certificates of compliance with all such laws, orders and regulations. Contractor shall be responsible for obtaining all necessary permits and licenses required for performance under the Contract.

Applicable provisions of all federal, state, and local laws, and of all ordinances, rules, and regulations shall govern any and all claims and disputes which may arise between person(s) submitting a Bid response hereto and SARTA, by and through its officers, employees and authorized representatives, or any other persons, natural and otherwise, and lack of knowledge by any Contractor shall not constitute a cognizable defense against the legal effect thereof.

6-9 Defective Work, Materials or Services

When and as often as SARTA determines that the work, materials, or services furnished under the Contract are not fully and completely in accordance with any requirement of the Contract, it may give notice and description of such non-compliance to Contractor. Within seven (7) calendar days of receiving such written notification, Contractor must supply SARTA with a written detailed plan which indicates the time and methods needed to bring the work, materials, or services within acceptable limits of the Contract. SARTA may reject or accept this plan at its discretion. In the event this plan is rejected, the work, materials, or services will be deemed not accepted and returned to Contractor at contractor's expense. This procedure to remedy defects is not intended to limit or preclude any other remedies

available to SARTA by law, including those available under the Uniform Commercial Code.

6-10 Assignment

Contractor shall not assign any interest, obligation, or benefit under or in this Contract or transfer any interest in the same, whether by assignment or notation, without the prior written consent of SARTA. If an assignment is approved, this Contract shall be binding upon and inure to the benefit of the successors of Contractor. This provision shall not prevent Contractor from pledging any proceeds from this Contract as security to a lender. An assignment may be conditioned upon the posting of bonds, securities and the like by the assignee and the assignee must assume the written Contract and be responsible for the obligations and liabilities of Contractor, known and unknown, under this Contract and applicable law.

SARTA may assign its rights and obligations under the Contract to any successor to the rights and functions of SARTA or to any governmental agency to the extent required by applicable laws or governmental regulations, or to the extent SARTA deems necessary or advisable under the circumstances.

6-11 Indemnification and Hold Harmless

SARTA has the right to stop or resume work, to make inspections, to receive reports and to provide recommendations or suggestions, consistent with the employment of an independent contractor, and that no provision of this Agreement shall be construed as SARTA retaining control of or having liability for the actions of the Contractor. SARTA shall have no liability for Contractor's selection of personnel, employees or subcontractors, nor for the presence of dangerous conditions on any real property where Contractor is employed.

Contractor shall have sole control over the manner and means of providing the work and services performed under this agreement. SARTA's relationship to the Contractor under this agreement shall be that of an independent contractor. Contractor will not be considered an employee of SARTA for any purpose. The parties agree that the Contractor is exclusively responsible for the determination of what work is required to complete the tasks outlined herein, and for the means and methods of completing such work. SARTA's compensation to Contractor shall be limited to that described in any approved contract, and SARTA shall not reimburse any expenses, provide any benefits, withhold any employment taxes or otherwise have a financial relationship with Contractor other than payment of the stated compensation. The Contractor shall be solely responsible for withholding of taxes, providing employee benefits, or otherwise complying with applicable laws relating to its employees or contractors.

Contractor shall be responsible for determining its sequence of performance for required work. Contractor's work shall be evaluated by SARTA based upon the end result of such work. Contractor shall be responsible for any expenses incurred by Contractor in the performance of its work, and shall not be authorized, expressly or impliedly, to obligate SARTA on any debt, contract or other agreement whatsoever. In the event that Contractor is compensated on an hourly basis under the terms of this Agreement, SARTA and Contractor agree that Contractor's compensation is usual and customary, based on the terms that Contractor offers its services to the market in general. The Contractor shall be responsible for any and all damages to property or persons arising out of an error, omission, and/or negligent act in the prosecution of the work or failure to prosecute the work and shall indemnify and hold harmless SARTA, its officers, agents, and employees from all suits, claims, actions or damages of any nature whatsoever resulting therefrom.

The Company shall assume all restitution and repair costs arising out of an error, omission and/or negligence.

The Contractor agrees to indemnify and save harmless SARTA, including its elected or appointed officials, employees, attorneys and agents against any and all claims, loss damage, injury, liability, and court costs and attorney's fees incident thereto, including any claims made by employees of the Contractor or any of their subcontractors, as well as all other persons, resulting directly or indirectly from the work covered by this contract or the equipment used in connection therewith. It is understood that this agreement shall apply to any and all such claims whether resulting from the negligence or the intentional acts of the Contractor, the Contractor's employees, contractors or subcontractors, SARTA or SARTA Indemnitees or otherwise, with the single exception of any claim, damage, loss, or expense arising solely out of the intentional misconduct of SARTA or SARTA Indemnitees. The Contractor is solely responsible for determining the accuracy and validity of any information provided to the Contractor by SARTA or its representatives. This indemnification shall apply to the fullest extent of the law, and in the event that any provision hereof is determined to be unenforceable, the indemnification obligations shall be severable and the fullest extent of indemnification that may lawfully apply shall remain in full force and effect. This indemnification shall include any claims arising out of the erection, construction, placement or operation of any scaffold, hoist, crane, stay, ladders, support or other mechanical contrivance in connection with such work including but not limited to losses, claims, damages and expenses arising pursuant to claims asserted against SARTA. This indemnification shall not be limited in any way by limitations on the amount or type of damages, compensation, or benefits payable by or for the Contractor under Workers' Compensation Acts, disability benefit acts, or other employee benefit acts.

However, the Parties shall not indemnify the other for any liabilities, damages, costs or expense resulting from the other party's own willful misconduct or negligence.

Title of Officer for DBE firm _____

1. SARTA has no established goal for Disadvantaged Business Enterprise (DBE) participation for this contract. Therefore, a proposer must, in order to be responsible and responsive, make a good-faith effort to meet the goal. The proposer can meet this requirement in either of two (2) ways. First, the proposer can meet or exceed the goal, documenting commitments for participation by DBE firms sufficient for this purpose. Second, even if the proposer doesn't meet the goal, the proposer can document its good-faith efforts to meet the goal. This means that the proposer must show that it took all necessary and reasonable steps to achieve the DBE goal, or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.

2. SARTA will use the good-faith efforts mechanism as required by 49 CRF part 26. It is up to SARTA to make a fair and reasonable judgment whether a proposer that did not meet the goal made adequate good-faith efforts. SARTA will consider the quality, quantity, and intensity of the different kinds of efforts that the proposer made. The efforts employed by the proposer should be those that one could reasonably expect a proposer to take, if the proposer were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE contract goal. Mere pro forma efforts are not good-faith efforts to meet the DBE contract requirements. As emphasized by the Department of Transportation, SARTA's determination concerning the sufficiency of the firm's good-faith efforts is a judgment call; meeting quantitative formulas is not required.

3. SARTA will not require that a proposer meet a contract goal (i.e., obtain a specified amount of DBE participation) in order to be awarded a contract, even though the proposer shows that an adequate good-faith was made. The rule specifically prohibits SARTA from ignoring bona fide good-faith efforts.

4. The following is a list of types of actions that SARTA will consider as part of the proposer's good-faith efforts to obtain DBE participation. It is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

a. Soliciting through all reasonable and available means (e.g. attendance at pre-proposal meetings, advertising, and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The proposer must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The proposer must determine with certainty whether or not a DBE is certified.

b. The DBEs are interested by taking appropriate steps to follow up initial solicitations.

c. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.

d. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

ATTACHMENT H – Good-Faith Effort (Continued)

e. Negotiating in good-faith with interested DBEs. It is the proposer's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

A proposer using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities, as well as contract goals, into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a proposer's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the proposer of the responsibility to make good-faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs, if the price difference is excessive or unreasonable.

f. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The Contractor's standing within its industry, membership in specific groups, organizations, or associations, and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals from DBEs in the Contractor's efforts to meet the project goal.

g. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance, as required by the recipient or contractor.

h. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.

i. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; Federal, State, and Local minority/women business assistance offices; and other organizations, as allowed on a case-by-case basis, to provide assistance in the recruitment and placement of DBEs.
